Dear valued Partner,

The National Association of Women in Construction (NAWIC) originally began as Women in Construction of Fort Worth, Texas in 1953. NAWIC provides its members with opportunities for professional development, education, networking, leadership training, public service and more. With over 115 chapters and over 3,773 members' nationwide NAWIC opportunities are endless.

Our Sacramento chapter offers various educational meetings and great networking opportunities where we gain industry knowledge and share our experiences with other women while building lasting friendships.

We give back to the Sacramento community and promote the construction industry. We support and volunteer at various charity organizations throughout the year including; Stanford Sierra Youth & Families, Sacramento Food Bank, Habitat for Humanity – Women Build Program and Girls Scouts Heart of Central California Construction Camps.

In 2021 we will continue to engage in programs at the local Sacramento colleges to help mentor female students who will become our future leaders. Your sponsorship contributions will help support NAWIC in providing memberships to enrolled college students free of charge and provide funds to support student scholarships in the Sacramento region.

We are determined to grow our chapter and promote the construction industry and all women working within it. It is estimated that as of today women represent only 9.1 % of the construction industry workforce and only 3% of the craft field workforce. With an overall industry workforce shortage and an increased desire to promote employment diversity we together can help increase the percentage of women in our trades. NAWIC not only would like your sponsorship but would love the women from your organization to get involved and grow with our chapter.

To grow and continue to serve our Sacramento community, NAWIC Sacramento would like your support. We offer various types of sponsorships where you can support our organization and have the opportunity to get your female employees involved. By supporting NAWIC you will gain recognition within the Sacramento region, promote workplace diversity, growth of the construction industry and the construction workforce.

Together we can make a difference!

Thank you for your support.
